David – Attached is a proposed agenda for the Illinois River Watershed Models meeting with ADEQ and ODEQ. Times indicated are estimates; I expect the meeting may actually move faster.

Here’s some text you might consider for your email forwarding the agenda:

---

First, I’d like to say thanks to each of you for responding so quickly to our Illinois River Watershed meeting invitation. Based on your indicated availability, we’ve scheduled our meeting for next Tuesday, March 6, beginning at 12:30 p.m. As reflected in the proposed agenda (attachment), we are setting aside the entire afternoon to allow for a thorough discussion of the water quality models on which our technical staffs have worked so collaboratively. If you have any specific areas of concern which you don’t see reflected in the proposed agenda, please let me know and we’ll be sure to include them.

Best regards,

DFG
